Dear European Bureau for Conscientious Objection

Case 7244864

Thank you for your email in which you sought the Commission's feedback for your Annual Report.

The Equality and Human Rights Commission is unable to respond to your query as "the right to conscientious objection to military service" appears to be outside our remit.

As a strategic regulator with limited resources, we prioritise our work in accordance with our [Strategic Plan](#), which was subject to statutory consultation.

In deciding on our priorities, we have also been mindful that our stakeholders want us to prioritise more - to focus on fewer priorities and to achieve real impact in those areas.

As an alternative we would suggest you contact the Ministry of Defense.

If you would like further information about the work of the Equality and Human Rights Commission, please visit: www.equalityhumanrights.com.

Kind regards
